## APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the stream system of which this source is a tributary and is for flood and surplus water only. It is hereby understood and made a condition of this permit that diversion of water by applicant shall cease immediately upon notification from the State Engineer that a shortage of water exists in the source herein described. A standard headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed Four tenths cubic feet per second. (0.4)

Actual construction work shall begin on or before April 15, 1917.

Proof of commencement of work shall be filed before May 15, 1917.

Work must be prosecuted with reasonable diligence and be completed on or before October 15, 1917.

Application of water to beneficial use shall be made on or before November 15, 1918. Proof of the application of water to beneficial use must be filed with State Engineer on or before December 15, 1918.

Proof of labor filed APR 18 1917
